MOBIUS is a consortium of 77 Missouri member institutions with 196 libraries among those member institutions, including SBU’s four campus libraries.

The MOBIUS catalog provides access to over 29 million items through member libraries. These materials are searchable through a single search interface that allows students, faculty, and staff to request library books using any personal computer in any location with access to the Internet.

Requested materials are generally delivered within 3-4 working days after being requested online by a user. Holidays, weather, etc., may affect delivery.

For more information about MOBIUS go to: https://mobiusconsortium.org

MOBIUS member libraries outside of Missouri include the Tulsa City County Library (OK), West Des Moines Public Library and Palmer College of Chiropractic (IA), and the Southwestern Baptist Theological Seminary (TX). MOBIUS also partners with the Colorado Alliance of Research Libraries which includes 44 libraries from Colorado and Wyoming whose catalog is called Prospector. The Prospector catalog provides access to an additional 33 million items. A link to the Prospector catalog is available in the MOBIUS catalog.

MOBIUS requests usually take from 3 to 5 business days to receive from the lending library and can be picked up at the circulation desk of the desired library. Books coming from Prospector libraries will take longer.

**Requesting Books from MOBIUS**

Always check SBU library holdings first. If an item is located at one of the other campuses, or you wish to find books from other libraries, go directly to the MOBIUS catalog to search and request items.

1. Search and locate the book you want in the MOBIUS Library Catalog
2. Click “REQUEST IT”
3. For the “PLEASE CHOOSE YOUR LIBRARY CLUSTER FROM THE DROP-DOWN MENU BELOW” option, select “MOBIUS - SWAN”
4. Click “SUBMIT ABOVE INFORMATION”
5. Enter your “FIRST NAME” and “LAST NAME” (this info must match what is on your I.D. card)
6. Type your ID plus SBU: Example: 0123456SBU (Note that the 6 digit patron ID# is preceded by a zero.)
7. Select PICKUP LOCATION from the drop-down menu (There are four SBU pickup locations, one for each campus. Choose carefully to be sure you have selected the correct one to expedite your request.)
8. Click “SUBMIT” to send request

MOBIUS books will come to the library location you designate. You must present your current SBU employee I.D. card to check out SWAN / MOBIUS books.
MOBIUS is organized through a network of clustered libraries. SBU is associated with the Southwest Academic Network (SWAN) Cluster, which are libraries located in Southwest Missouri. Other libraries in the SWAN cluster include:

- Baptist Bible College
- Cottey College
- Crowder College
- Drury University
- Evangel University
- Missouri Southern State University
- Missouri State University
- Ozark Christian College
- Ozark Technical Community College
- Southwest Baptist University

Accessing Your Library Account

**Account Access**

The University Libraries’ catalog enables users to access their accounts to renew items that are checked out, manage holds, save searches, and request materials from other libraries. Requesting materials from other libraries is accomplished more efficiently by going directly to the MOBIUS catalog. Users can access their account from the Library’s homepage or within the catalog. From the Library’s home page, select the MyAccount link at the top of the page. From the Catalog, select the My Library Account link in the top toolbar. Either link will take you to a login page. The direct link to the login page is: [https://swan.searchmobius.org/patroninfo](https://swan.searchmobius.org/patroninfo).

The ID# needed to set up an account is the patron’s 6 digit ID number preceded by a zero, and followed by a capital SBU. Ex: 0123456SBU.

The first time a user accesses their account, establishing a password for future access is required. The password will accept any combination of numbers and letters. University Libraries staff may reset a password, but the system does not allow the patron to delete or change their password.

Finding Information
The University Libraries provides multiple systems to enable the location of information resources.

SearchEverything
The SearchEverything feature on the Library’s homepage allows users to search for and retrieve journal articles, books, media, etc. via one search interface.
Catalog
The Catalog enables users to locate books, e-books, print journal titles, media and other hardcopy content.

Databases
The Library’s database page enables users to select and search subject specific databases. Each of these interfaces are accessible through the Library’s website.
Locating a Journal
On the University Libraries’ homepage, click on the A to Z Journal Tracker link in the Research Tools tab to launch the publication finder. Enter the name of a periodical desired and click the search button. Search results will indicate how a periodical can be accessed through library databases or the University Libraries’ print or microform holdings.

Interlibrary Loan
Books and/or articles that are not available at our library may be requested from other libraries through Interlibrary Loan (ILL). Items are requested and processed in several ways, and can be filled in as little as a few hours to a couple of weeks, depending on what is being requested and where it is coming from. Patrons are notified by email when their item has been received. For assistance with, or questions concerning, the ILL process, call 417-328-1613.

Books that are not available physically, or in e-book format may be requested in the following ways:

MOBIUS: Requesting books through MOBIUS is the easiest and fastest way to obtain the book you need. Always check for the book you want first in the SBU catalog. If the book is not available, simply click on the MOBIUS link to enter that catalog. You may need to perform the search again. If the book is available from MOBIUS, request the item following the instructions. Items from MOBIUS can be received in as little as 3 to 4 days.

Prospector: If a book is not available from a MOBIUS library, click on the Prospector link in the MOBIUS catalog. This will search libraries in Colorado and Wyoming. The request process is the same as MOBIUS, but these books often take longer to arrive, up to 2 weeks.

WorldCat: If a book is not available from MOBIUS, you may use the WorldCat database to search for and request a book. Requesting a book will take you to a form to fill out and submit. This will notify a Library ILL staff person who will submit your request to libraries from all over the contiguous United States. Once the item is requested, it can take several days to be filled, and then between 5 to 14 days to receive through the U. S. Mail.

EDS: When using the Discovery Tool (Search Everything) to search, an item will sometimes display a link allowing you to “Request this item through Interlibrary Loan.” Clicking the link will take you to a form that, when submitted, is sent to library staff who will obtain the item.

Articles:

Full text articles may be found when searching using Search Everything. A link to the full text html document or PDF will appear under the article’s entry allowing you direct access to the article. This will also occur when searching within specific databases such as EBSCO.
If you are searching in a specific database, but the full-text of the article you wish to have is not available, a link to “Request this item through interlibrary loan” will take you to a form to fill out and submit electronically to library staff.

If you have a specific article that you wish to find, use the Journal Tracker to see if it is one of the thousands of articles available full text in our databases. Enter the name of the journal in the text box, and you will be informed of the full-text access available. If your item is included in the holdings, continue to follow the guides that will take you to the PDF of your article.

The ArticleReach link in Search Everything allows the patron to request an article directly from a library who owns it. Click on the link, fill out the form, and submit. The request goes directly to the owning library, and when filled, will be sent directly to you via email.

Articles may also be searched for and requested electronically using the WorldCat database.
Access to Library E-Resources

The University Libraries’ databases may be searched by authorized users via the Internet. Authorized users are defined as currently enrolled students and current employees. Your current campus network, Outlook, or Blackboard account login/password is used to authenticate access. When you try to access a database or conduct a search using SearchEverything on- and off-campus, you will be redirected to following authentication page. You will remain authenticated to use library databases until you close your browser session.

Access issues need to be reported to Rachel Wallenbeck, Digital Services Librarian, at rwallenbeck@sbuniv.edu or by calling (417) 328-1626. For additional information about accessing or searching University Libraries’ databases go to: https://libguides.sbuniv.edu/howto/access.
Library Instruction

Partnering with Faculty to Cultivate Lifelong Learning Skills
The University Libraries actively supports student learning by providing library orientation and classroom instruction to help your students:

- Identify their research questions in order to recognize the information needed
- Develop the strategies necessary for searching the University Libraries’ catalog, databases, etc.
- Discover resources for a specific class assignment, while developing transferrable research skills
- Evaluate potential information sources

Instruction Sessions Designed to Fit Course Objectives
Librarians provide instruction in the following settings:

- In the library computer lab
- In your classroom
- At off-campus locations via ITV

To request an instruction session for your class, please contact the Personal Librarian supporting your college.

Materials for Classroom Support

Requesting Materials for the Library Collection
Materials will be purchased for all of the libraries as specified in the guidelines developed for each academic subject area. All faculty are encouraged to work in partnership with the personal librarian for their college to develop a collection that supports their instructional programs, as well as student and lifelong learning.

All materials added to University Libraries’ collections are selected according to the guidelines in the libraries’ Collection Development Policy. To view the full policy, please visit the following link: https://libguides.sbuniv.edu/ld.php?content_id=14372907.

To request materials electronically, go to the library website under the “Services” menu and click on “Request a Purchase” (under the “Circulation” header).

Course Reserves
Faculty may place print and/or media materials on reserve in the library for current classes. Materials may be chosen from the University Libraries’ collection or from personally owned materials. Be aware that any personal materials you place on reserve will have a barcode, a spine label, and a reserve label attached to the item.

Reserve items are processed Monday through Friday between 8:00 a.m. to 5:00 p.m. There is no processing of reserve items after 5:00 p.m. during the week or on the weekend. When items have been processed, faculty will receive an e-mail message to notify their students that the items are available for their use.

Procedure for Placing an Item on Reserve
1. Complete a print course reserve form at the Circulation desk or complete one electronically by following these steps: https://libguides.sbuniv.edu/services/circulation/course-reserves
2. Complete a form for each item to be placed on reserve.
3. Select circulation period for item - 2-hour-in-library-use, 1 day, 3 days or 7 days.
4. Allow 48 hours for materials to be placed on reserve after submitting the form.

The library reserves the right not to place materials on reserve if they fail to comply with copyright laws or any applicable SBU policies. For additional information, contact the Circulation & Reserves Desk personnel at the nearest University Libraries location or call (417) 328-1613.

Copyright

Research Services

**Research Assistance**
University Libraries welcomes the opportunity to partner with you in providing students with the research tools they need to succeed. Some of the services that University Libraries offers, include:

**ResearchOne Program**
When it comes to locating library resources for a paper or project, sometimes students need extra assistance. The ResearchOne program is a free service that allows students to make an appointment with their personal librarian. The librarian will reserve a time slot of two hours to explore search strategies and a variety of resources.

**Research Guides**
Personal librarians publish and maintain electronic guides that contain lists of resources specific to a course or subject. If you are interested in collaborating with your personal librarian on a guide for a course that you teach, feel free to call or e-mail the librarian who works with your college. If you would like to explore the type of research guides already available through University Libraries, check out this link: [https://libguides.sbuniv.edu/](https://libguides.sbuniv.edu/)

**Tutorials**
Tutorials are a great way to learn how to do something. These 5-minute tutorials include topics like how to do a search in a subscription database, locate a book in the library’s catalog, etc. To view the tutorials currently available, visit this link: [https://libguides.sbuniv.edu/howto](https://libguides.sbuniv.edu/howto)

**Chat Reference**
As of 2011, chat reference enables faculty and students to ask the library faculty questions about library services and resources via instant messenger (IM). You may engage in chat via the “Chat” link on the University Libraries’ homepage. Hours chat service is available:

- 10:00 a.m. Sunday to 8:00 a.m. Saturday
- 10:00 a.m. to 10:00 p.m. Saturday

**Photocopying / Color Printing**
Black-and-white photocopy machine(s) are available at all Southwest Baptist University Libraries. Photocopies may be charged to departmental budgets if prior approval has been obtained. The Circulation and Reserves Desk at the Harriett K. Hutchens Library maintains a file of departmental copy cards for faculty use. Check with your department's administrative assistant or call (417) 328-1613 to determine if your department has a copy card available.

A high-resolution color printer/photocopier is available in the Harriett K. Hutchens Library on the Bolivar campus. Check with Media Services for information or assistance in using the color photocopier/printer. To print directly from your computer to this color printer you will need to have the color printer driver installed by Instructional Technology Services (417) 328-1702. Otherwise, you may print from the computers located in Hutchens Library. There is a fee for color printing and photocopying. Contact Media Services for more information about color printing/photocopying (417) 328-1627.
Media Support
The University Libraries provides students, faculty and staff with a variety of media equipment, media resources, and media services to support and enhance student learning. University Archives & Special Collections

Archives Facilities:
University Archives is located in the Harriett K. Hutchens Library on the Bolivar Campus of Southwest Baptist University. University Archives collects official SBU materials, materials relating to people associated with SBU, as well as items relating to Baptist history.

Joyce Sells Heritage Center
This public display and research area is dedicated to the memory of Mrs. Joyce Sells, former first lady of the University who was instrumental in collecting University history and heritage artifacts during her tenure. The Center includes exhibition space, University publications such as yearbooks, catalogs, etc., and study space for historical research related to the university. Technology is provided to support heritage related programming.

University Archives
The University Archives is a closed-stack collection, meaning that it is not open for browsing and operates on a call system. Research inquiries need to be directed to the Dean of University Libraries, as there is currently no University Libraries Archivist.

Books in the Archives and Special Collections have been catalogued and are searchable online.

For other items, check the University Archives website (https://libguides.sbuniv.edu/archives) to see what collections have been processed.

Special Collections
The University Libraries also has several special collections, including:

- Bestseller Collection
- Faith Enrichment Collection
- Butler Baptist Heritage Collection—microfilm
- Library of American Civilization—microfilm
- Antique & Rare Books Collection
- Model Pastor’s Library
- Curriculum Lab & Juvenile Collection
- SBU Collection – books by and about SBU faculty, staff and alumni
- Mercy College of Nursing and Health Sciences Collection - Located on Springfield Campus

Southwest Baptist College was founded in 1878 in Lebanon, Missouri, then moved after one academic year to Bolivar. Classes began in Bolivar on September 19, 1879, at the Bolivar House (a hotel located on the northeast corner of the square), since the college building shown in the postcard above was not yet complete. The first classes in the new building were held in 1880. This building was destroyed by a fire on June 1, 1910.
Southern Baptist Periodical Index
Meet the Author Series

Southern Baptist Periodical Index (SBPI)
Southwest Baptist University's Harriett K. Hutchens Library houses the production office for the SOUTHERN BAPTIST PERIODICAL INDEX. In the print format, the index provides subject/author access annually to articles in approximately 30-35 titles per year, and cumulatively to over 100 periodicals, issued by corporations and agencies currently or historically related to the SBC. It is useful for topics related to parenting, psychology, social issues, and literature as well as church work, Bible study, theology, and religions. It is unique among religion indexes in that it also gives in one place practical information related to Christian parenting/Christian life and to Baptist church work, missions, and history.

Formerly available only in print and CD-ROM format, an Internet-accessible version of SBPI was launched on March 30, 2005, allowing subject, author/title, and keyword access to the entire database for 1985-2004. For additional information on subject and title coverage, see pages of the online version by clicking on SBPI in the list of databases available on the library homepage. Indexing now covers 1984-2016 articles. Students and faculty at colleges, universities, and seminaries in the United States and abroad make use of the index either in print or Internet-accessible format.

To Search the SBPI Database Online

1. Go to the List of University Libraries’ Databases (by name)
2. Scroll down to SBPI
3. Click on SOURCES for a list of periodicals covered
4. Click on ABOUT to read about subject coverage
